LB 392

SENATOR NICHOL: Senator Keyes.

SENATOR KEYES: Yes, Senator Maresh. Did you have a question of me?

SENATOR MARESH: Well, I was asking why the project was held up. I was on the team that went out there to see that dike and it seems like there is hardly enough protection there and I can't see why the project was held up for such a long time. I believe this was appropriated in 1977. Wasn't it?

SENATOR KEYES: It was appropriated last year.

SENATOR MARESH: I thought the statement read '77-'78 year.

SENATOR KEYES: Well, that was last year.

SENATOR MARESH: That is always ahead, one year ahead so it must have been appropriated in '77.

SENATOR WARNER: Yes, Senator Maresh, I see what you are saying. That is an error. It was '78-'79. That is a misprint on the....

SENATOR MARESH: I wonder why it was held up such a long time but it will be...this coming summer it will be worked on. Correct?

SENATOR KEYES: We hope so.

SENATOR MARESH: Okay, thank you.

SENATOR NICHOL: Senator Dworak. Senator Dworak, did you wish to be recognized?

SENATOR DWORAK: A question of Senator Warner. Senator Warner, I had to leave the committee yesterday. Will this bill go to a public hearing?

SENATOR WARNER: No, as I indicated...well, it could, Senator Dworak, but both provisions in the bill have had their public hearing. 392 had the same provisions dealing with Hansen Lake which we have heard and the increase in the Governor's emergency fund of course, was contained in the deficiency bill which has also had its hearing.

SENATOR DWORAK: I am a little bit uncomfortable about putting these two measures in the same bill. I would like to...I suppose there is nothing at this point that
